

CONFERENCE EXHIBITOR

Founded in 1994, Cx Associates is Burlington, Vermont-based with offices in both Burlington, VT and Portland, ME led by Managing Principal Matt Napolitan, P.E., CCP, CPMP, LEED AP BD+C. We are a small, agile team known for our level of rigor and client-centered service. Our core competencies of building commissioning and efficiency are the foundation for a suite of services across new and existing buildings and efficiency programs. We continue to develop new services to meet the needs of our clients and an ever-changing industry.

Improving the way buildings work for people and planet is our mission. We're in the business of decreasing building energy use that has both the benefit of making good economic sense for our clients, and combats climate change.

Matthew Napolitan

Owner/Managing Principal
